Excellent	Very Good	Good	Satisfactory	Poor
71%	23%	5%	1%	

27% of participants (82 persons out of 300 participants)

Specific questions to Facilitators

How useful do you rate the toolkit which was made available before the conference?

Back to the **STRENGTHS** of the 8TH QC

“The conference was **well prepared**, everything went well”

“The **new format** was an success”

“**Good exchange between** different countries during session”

“**Good structures, useful hints**”

“[...] an **enriching space for shared experiences and knowledge**”

The potential IMPROVEMENTS for the next QC

Review the time balance between the parallel sessions & in depth working sessions

Limit the number of parallel sessions / in depth working sessions

Propose a specific space for the involved speakers & facilitators

Make available the case presentations before the beginning of conference

Minimize the travel time between rooms & plenary

Review the toolkit to improve it

An interactive approach to share, co-define, co-produce the innovative solutions for the future

A collective enthusiasm to be part of the solution to the future challenges of Europe

Focusing on the TRANSFERABILITY opportunities between each country

Contribute to :

- well-being, social cohesion of citizens ;
- competitiveness, growth of member states & enterprises

Tackle complex challenges

Create Solutions and concrete actions with impact

In developing new innovative services to citizens & in modernizing of the existing organizations /services (including news ways of working/management to the civil servants)
With the digital tools & app

In making a clear distinction between «content quality» and «quality of service»

Ensure a continuous improvement of public administration practices

Via the Implementation of participatory design practices

With a better understanding the needs of his stakeholders (internal & external part of public administration)

In respecting administrative ethics

With mixed methods according to the requirments

The 9th Quality conference OPEN SPACE TECHNOLOGY

OST is an **approach to purpose-driven leadership**, including a way for hosting meetings, conferences, corporate-style retreats, symposiums, and community summit events, focused on a specific and important purpose or task — but *beginning* without any formal agenda, beyond the overall purpose or theme.
